

Year 2 Spring 1 Newsletter

"You're amazing, just the way you are."

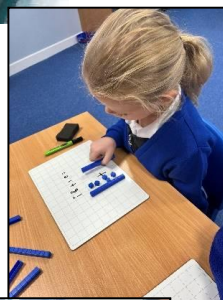

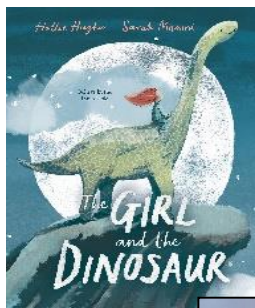

Spring Term 1

Thank you to everyone for helping to making the first full school term so wonderful. The children have all made such amazing progress already in their new learning.

English

In Year 2, this term's writing stimulus is 'The Girl and the Dinosaur' by Hollie Hughes.

We will be creating character and setting descriptions and non-fictional reports based on the text, including conjunctions, expanded noun phrases and different sentence types.

Maths

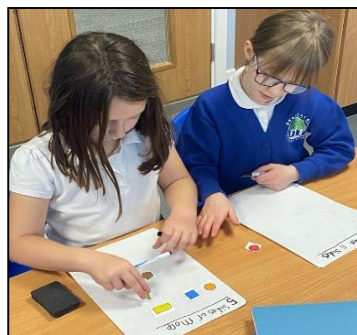

In maths this term, children will be exploring the properties of 2D and 3D shapes, including their edges, vertices and faces. We will also start our topic of multiplication and division, learning our 2, 5 and 10 times tables before moving onto learning all about money.

PE

The children will take part in PE on a Monday and Friday afternoon. We will continue working with First Steps and Tigers Trust this term.

Please make sure children bring their PE kits to school on a Monday and take them home on a Friday to be cleaned. The children should wear plain black, blue or white clothing.

Science

Our science topic for this full spring term is 'Everyday Materials'. Children will explore different everyday materials and their properties.

History

This half term, we are working as historians and focusing on 'Technology'. We will be learning about our local city of Hull.

Celebrations

It was lovely to see so many families come to our Christmas Fair and see all the amazing things that the children had made in their classes! We look forward to all the forthcoming events that 2023 has to offer.

Miss Barton, Miss Bailey and Miss Whitfield
