Activity Fun

I've been travelling around Yorkshire and the Humber visiting you and your schools, helping the catering team to run taster sessions for you to try some of the tasty new items on our menu.

Have I visited your school yet? If not, I hope to see you very soon! Until then, please keep enjoying your school lunches, and help me with the below activities.

Can you work out which vegetable is which?
Colour them in once you have!

Iron

Iron is important in making red blood cells, which carry oxygen around the body. Most people should be able to get all the iron they need by eating a varied and balanced diet.

Iron is found in a variety of food including red meat, pulses, eggs, vegetables, and some fruit.
