

ASC Base Autumn 2 Newsletter

"You're amazing, just the way you are."

Autumn Term 2

Welcome back to school after the half term holiday. It has been lovely hearing the children share their stories from the holidays. Everyone has come back to school excited for the new half term. We have got lots planned for the coming weeks.

English

In group 1, children will be focusing on the accuracy of their sentence structure when writing for a range of purposes including, to persuade, to entertain and to inform.

Children in group 2, will be focusing on oracy skills as well as composition and transcription skills. Children will be orally rehearsing ideas before using their phonics knowledge to transcribe their ideas.

Maths

In maths, group 1 will be learning about multiplication and division. Any practice you can at home to support times table knowledge is greatly appreciated. Group 2 will be focussing on addition and subtraction. We will be using tens frames and a variety of mathematical apparatus to support our learning and to explore numbers in different ways.

Science

In our science lessons, group 1 will be learning all about different types of rocks. Group 2 will be learning about the parts of a tree and the different types of trees. Both groups will have lots of hands on experiences with a range of resources.

Life Skills

In our Life Skills lessons, we will be learning all about Christmas sweet treats. We will be making and baking gingerbread biscuits and making our own hot chocolates to enjoy.

Twitter & Marvellous Me

We update our school Twitter regularly with photographs of the children working in a range of lessons. Please take a look @BroadacreSch

We send messages and updates on Marvellous Me as well as celebrate the children's work and behavior.

Blended Learning

It is remarkable to see many of our children from the ASC Base enjoying blended learning opportunities in the mainstream school. It has also been lovely for our newer children to have time to walk around the school as a movement break and explore different areas.
