

"You're amazing, just the way you are."

Welcome back to the last half term of 2024

We are excited to welcome the children back for this half term and can't wait to see what work they produce over the coming weeks. We've got so many exciting events that we look forward to over the festive period.

Twitter

We update our school Twitter regularly with photographs of the children in Year 4. Please take a look @BroadacreSch

Maths

This term, we will be exploring area, multiplication and division in math lessons. We encourage all children to access Times Tables Rockstars (TTRs) at home in preparation for the multiplication check next year. Codes will be sent out

Events

We are very fortunate to have many trips, visitors and events organised for this half term. Lab Rascals (13.11), Hull Minster (26.11) and the Theatre Trip to see the Borrowers (5.12). Keep an eye out for letters in the coming weeks

PE Kit

This half term the children will be focusing on rugby and gymnastics. Please make sure children bring their PE kits (including trainers) to school on a Monday and take them home on a Friday to be cleaned. For these sessions, hair must be tied back and earrings must either be removed for the session or covered, with their own tape.

English and Guided Reading

In Year 4, we are using 'The Iron Man' as a stimulus in our writing and reading lessons. The children will be writing character descriptions, diary entries and newspaper articles and more.

Foundation Subjects

Our science topic this half term will be 'Living Things and their Habitats'.

This half term, we will also be looking closer at Volcanoes as part of our Geography topic. In computing we will delve further into Scratch whilst also studying Design and Technology later in the term.

Reading and Homework

Homework is set every Friday and this should be returned the following Tuesday. Reading is also given weekly. Please make sure reading books are returned on Wednesdays at the latest so that we are able to change the books
