EYFS-Summer 1 -2025

"Most of what children need to learn in early childhood is discovered through their play."- Ruth Wilson

Welcome back

We would like to welcome you back after the Easter holiday and hope that you have had a restful break. We wish to extend a warm welcome to all the children in FS1 that are joining us at Broadacre this term.

Weather

As the weather is changing, please ensure that sun cream is applied before school and a named bottle is sent in your child's bag. A named sunhat also needs to be provided. We politely ask that a spare pair of clothes is also provided for water play and potential accidents.

Named clothing

We politely ask that all children's clothing, bags (including packed lunch) and water bottles are clearly labelled.

Dates for your diary

AT BROADACRE, WE DARE

FS1 - Our Learning

In Literacy this half term, we are going to be looking at two main focus stories: The Very Hungry Caterpillar and How to Catch a Rainbow. We will be focussing on healthy foods, sequencing short stories and the language used within the book.

In Maths, we will be recognising numbers 1-5 and linking quantities. We will also be looking at making AB patterns with different resources.

In Phonics, we will be looking at initial sounds of words including our names, syllabic deletion and environmental sounds. The children will have the opportunities to create different sounds using their voices and other resources.

FS2 - Our Learning

This half term in FS2 we will be reading the traditional tale 'Jack and the Beanstalk' and the non-fiction text, 'Growing Beans'. The children will be writing for a range of purposes including invitations, thank you letters, labelling and writing lists.

In maths, we will be learning about the composition of numbers to 20 and beyond. We will also be looking at adding and subtracting 1.

In phonics, the children will be continuing their Read Write Inc journey and developing their reading fluency.

As part of our wider curriculum, the children will be learning about the life cycle of a bean plant and growing their own. We will also be developing our colour mixing skills.
